ALL BULLS SELL PARENT VERIFIED

Special note... All the bulls on offer have been parent verified except for 289N, lot 23. By sale day, this bull will be verified as well.

TERMS AND CONDITIONS

Cattle will sell under the standard terms and conditions put forward from the breed association and Balog Auction. These are available upon request.

ALL BULLS ARE FULLY TESTED & 100% GUARANTEED :: NO BULLS SOLD PRIOR TO THE SALE

Everything possible will be done to assure that every bull in the sale will be a breeder. Dr. Storm Bartshoff will scrotal measure and physically evaluate every bull. Any animal that has not proven itself within 6 months of sale, September 30, 2026 if in healthy condition, may be returned to the seller at the buyer's expense. The seller at his opinion may either return the purchase price or replace the animal with another of equal quality in full settlement and satisfaction of all claims. Any complaints regarding any animal in this sale shall be made to the breeder. All complaints must be reported in writing by the buyer to the seller within 6 months and any animal returned must be free of disease and in good health.

CATALOG INFORMATION

All information is up to date as of the publication date. Pedigrees and EPDs are supplied by the Canadian Angus Association, and all other information has been supplied by the seller. Information in this catalog is believed to be accurate, but any errors discovered in the catalog will be corrected by announcements from the auction block at sale time. Such corrections will take precedence over the printed material.

IN-HERD SEMEN INTEREST

Leeuwenburgh Angus reserves the right to draw semen on any bull sold at the buyers convenience and the sellers cost

Welcome to Our Sale

Welcome to our 35th Annual Bull Sale! Once again we'd like to thank each and everyone that has supported us in the past year and over the last 35 years. We are truly humbled and will be forever grateful for this.

As we look back on another record setting year in the cattle industry, the optimism and desire to own and breed cattle is a welcome sight to say the least. We hope that everyone was able to take advantage of strong cattle prices in both the feeder and breeder industry. We applaud every cattleman and woman for sticking it out through the thin years, your time has arrived and we hope and pray it continues at the level it is now.

Our philosophy and direction of our cowherd is quite simple. No free passes in terms of fertility, udders, disposition and feet. You can be confident our cows will raise a calf that is not only healthy and good looking but will be at the very top in terms of real-world performance, no games and special management tactics to help them along the way. Strict attention is paid to calf vigour and maternal instincts. We have limited time with the amount of cattle we have so you can be sure the cattle that require more attention are not in our sale offering. We take great satisfaction in the real world cattle we raise, a steadfast focus on raising pounds in a efficient, consistent, no nonsense manner. If you want your cattle to do the same we believe strongly we have the bull power in this years offering to push a cowherd to another level. A strongly balanced bull pen on offer this year with approximately 100 head of athletic, ranch raised bulls that are very sound in structure and are layered with generations of hardworking cows behind them. The best we can offer will be represented in this catalog and on sale day!

We hope to see you all there!

We welcome you at anytime to the farm for your appraisal of the pen and look forward to your visits, calls and inquiries.

See you all soon

Dennis Leeuwenburgh

Johnny, Charles, Willard, Jack,
Dennis, Nate, Chad, Crew,
Cole, Davin

Welcome from Castlerock

Congratulations go out to the families from Leeuwenburgh Angus in their 35th Annual Bull Sale! In 35 years looking back there have been plenty of changes along the way in every facet of life, some of those styles that have resurfaced maybe shouldn't have, but the one constant for this family is producing quality cattle. The basis of this foundation has started with good stockmen, serving as mentors in developing the next generation that have moved into making the decision along the way, looks like the next generation to follow is in great hands, as well for the Leeuwenburgh family.

No fuss, no muss just makes good cattle! Dennis and Johnny make it very apparent in their goals that they want/ need to keep the power and performance in the cattle for the next sector of the industry to benefit as well. That being said, the need for the Angus cow to thrive in her environment in the hills where they spend their summer / fall is integral. This herd has continued to move forward in the breeding progress by focusing on the cow families that are consistent and practical to carry that next genetic combination to maintain the quality needed. Study the catalogue and appreciate the number of home bred bulls you will find in the pedigrees and know that the success of today has not been without the efforts and strict breeding philosophy that has been implemented for years and years.

We are quite familiar with the herd and appreciate the relationship we have working with these great families, if we can be of assistance to you in regard to this breeding program be sure to contact us!

See you sale day!

Shane Castle

Welcome from Balogs

Welcome fellow cattlemen to the Leeuwenburgh 35th Annual Bull Sale!!

What a tremendous milestone! 35 powerful bull sales from one of the industry's leading programs!

The Leeuwenburgh family has built an outstanding program with a sincere emphasis on both commercial and purebred programs.

As the years have gone by, the success of the Leeuwenburgh program has grown stronger and stronger.

Top Genetics - Top Performance - Top People
With tremendous integrity!

The many repeat buyers solidify the strength of the program and this years offering is second to none.

Both proven and brand new genetics will work for all breeding herds. A bull for all your needs.

Respectfully,

R.C. (Bob) Balog

A phenomenal breeding bull that combines athleticism, authentic Angus character and world class leg and foot structure. A performance bull that has sired pounds on pasture with accelerated rate of gain on feed. His progeny have been very well received throughout North America working in many different environments. His daughters are entering their third year of production and already have proven themselves with fertility, high maternal instincts and the ability to bring home heavy pay weight.

- Herd bull prospect with unlimited growth and top of the breed pound making ability
- An early standout much like his sire with extra size, thickness, volume, and dimension
- WI of 113 ranking him 11th out of 114
- Great structure with top 1% weaning and yearling epds to go along with heavy milk
- CAA Premier dam that is as long as a rope, super fertile, and had 4 generations of impeccable udders and feet to solidify the maternal end of this stud
- In a time when pounds matter and you're looking to retain milk, easy doing cows with elite maternal instincts, this bull is the solution
- Maternal brother is working in Pincher Creek at A&L Robbins

After a short conversation with Mark Forsyth we were confident we found our next go to calving ease bull. A very sound smooth shouldered bull with an even better dam. His sons are very consistent in type and his first daughters to calve this year have good udder quality and carry his great black foot. Gravity 138K progeny have an average birthweight of 76 lbs over two years.

The 2024 high selling Red Angus bull in the nation. A power bull with a great presence and big time performance. Big bold rib, long spined with a strong top and ample muscle. His pedigree is full of top end donors and his dam is a top cow at Cockburns. Use him to stretch out some more moderate made cattle and sire the type that excel on feed.

Owned with Cutting Edge Ranch and Sandhills Red Angus
